## REACH AND ROHS CONFORMITY DECLARATION

pursuant to European Regulation no. 830/2015.

In order to comply with/continue with the obligations under the REACH Regulation, we hereby certify that our articles fully comply with the requirements of the European Union Regulation (EC) 1907/2006 relating to the registration, evaluation, authorization and restriction of chemical substances (REACH). According to the structure of the REACH regulation, our company is a manufacturer of "ITEMS" for our EU customers. We do not produce "substances" or "preparations" and our articles do not involve the intentional release of substances. No registration or pre-registration or authorization is required for the product we provide.

Regarding the requirements of Article 33 of REACH: "Obligation to communicate information on substances in articles" We declare that none of the SVHC (Candidate List of Substances of Very High Concern as last updated on January 2024, in accordance with Article 59 of REACH regulation) is present in our articles in a concentration equal to or greater than 0.1%.

Regarding the requirements of Article 67 of REACH: A substance on its own, in a preparation or in an article, listed in Annex XVII, which is subject to restrictions on use, shall not be placed on the European market or used unless that does not comply with the conditions of that restriction. We declare that none of the substances subject to restricted use are present in our products.

Since the REACH regulation is updated frequently, for subsequent major changes, such as the inclusion of SVHC substances in Annex XIV, the inclusion of restricted substances in Annex XVII, our Company will evaluate further revisions over time and update the declaration in case of changes.

In case of failure to submit a new Declaration, the validity of what is reported in this document is considered confirmed.

### RoHS Declaration of Conformity

We also hereby certify that our products comply with all requirements and exemptions established by the European Directive 2011/65/EU (RoHS 2) and the Delegated European Directive 2015/863/EU (RoHS 3).

Best regards,

Lequio Tanaro, 29/01/24.
